

School Travel Planning

At Naismith

Helping families choose active & safe school travel

School Travel Planning

School Travel Planning Municipal Support

- Presented to Mississippi Mills Council on STP with key partners in attendance
- Municipality was asked to provide support for the process in the form of endorsement, a staff member, some local data and additional input along the way

Community Partners

- Many other interested partners came on board to work on this project

Baseline Data

- School Walkabout
- Family Surveys
- Classroom Hands up Survey
- Traffic Count

89 surveys completed
44.3 % of parents walked or biked to school
Only 20% of kids are walking

Family Surveys

- Promoted Family Surveys
- Most surveys received were from the ones sent home
- 89 families responded

School Walkabout

- School Walkabout was done at a STP committee meeting

Classroom Hands up Survey

- School implemented Classroom Hands Up Survey using student leaders
- Grade 4-5 leaders went to each classroom and completed the survey
- Leaders will report results at the next STP meeting

Traffic Count

- The town already collects regular traffic counts
- The Town will provide this data to us and we were able to put our specific needs for roads on the list to be collected next.

Promoting STP

Presented to

- Parent Council to explore ideas for parent participation in this process
- At the Parent BBQ
- Parent Council, the survey results and seeking ideas to move forward
- Partners at partner Learning event today

Promoting on school Facebook page

Special Events

- I Walk day
October 10th

Next Phase: Action Planning

- Consult with stakeholders
- Use data collected to develop the action plan
- Get feedback
- Tweak it
- Move forward with plan!

Thank You!
